

April 29, 2020

Dear City High Students and Families:

We have not yet received the shipment of webcams that we were expecting. As a result, you should not report to school tomorrow if you were only coming to pick up a webcam. When the shipment arrives, we will be making arrangements to get them to those of you that we have on our webcam list based on Mr. Crist's survey and our Learning Support team. Everyone else should still report to pick up items/receive laptop repairs according to the grade-level notations outlined in Monday's notification.

In determining whether you should come in for a technology need, Mr. Crist has provided the following guidelines to consider:

201 Stanwix Street

Suite 100

Pittsburgh, PA 15222

(412) 690-2489

Fax: (412) 690-2316

www.cityhigh.org

LAPTOPS

- If your school laptop is NOT functional, please come in for repairs or to receive a spare laptop tomorrow.
- If your school laptop should be repaired BUT currently it's completely usable as is...please continue to use it for your daily classwork. It's not a perfect solution, but is what will keep you engaged in schoolwork.

WEBCAMS

- Again, while we expected to receive our shipment in time for tomorrow's pick-up date, it has not yet been delivered. You should not report to school tomorrow if you were only coming to pick up a webcam. We will make arrangements once the shipment arrives.
- If you are still wondering whether your City High laptop has an internal camera, please check your student email account for a prior email from Mr. Crist about how to determine if you have an internal camera that needs to be 'enabled.' His email will show you how to do this.

TECHNOLOGY SURVEY

- If your family has not yet completed the Technology Survey, PLEASE take 2 minutes to do so. It will really help our efforts to support your online technology needs: <https://www.surveymonkey.com/r/3MBXQ63>

All my best,

A handwritten signature in blue ink, appearing to read 'Dara'.
